

Christmas letter 2025

The most exciting news of this year is that Nick got married!

NICK GOT MARRIED!!

Natalie is an incredible woman, and we are overjoyed to welcome her into our family.

She grew up in Florida, and we are so fortunate to have moved here. Just a few months after we arrived, Nick and Natalie got engaged, and then they got married!

Nick still has his loyal dog, Ramsay. Debbie and Joe occasionally take care of him, but they are dogless most of the time.

Nick continues to work as a support engineer for Malware Bytes, while Natalie is a cancer research coordinator at Mofat. They currently reside in Sarasota, which is a long two-hour drive from Davenport, where Joe and Debbie live.

Nick and Natalie are searching for a house. Joe and Debbie hope it will be closer to Davenport.

We have some cruises coming up.

In February 2026 we are on the Treasure for seven nights in the western Caribbean. We are with our Washington friends.

We are on the magic in 2027 with Michael and Lisa. This is in the Bahamas.

We still get to the Disney parks, but not as much as we used to. Joe's health is, at best, mediocre.

Despite this, we have also bought annual passes for both Seaworld and Universal Studios. Universal has been making some significant renovations lately.

Disney, of course, continues to upgrade. However, it doesn't feel like they are as accommodating to people with mobility issues as they used to be. But, we still really enjoy going.

Joe has started playing with AI as a graphics tool. It can be very fun. But, AI is writing tool is overrated. It does not live up to the hype.

That is about it. Have a fun holiday season, and best of luck in the new year.
